

The Client was building an extension onto his house in Cheshire and was keen to include a good sized gym for himself and his family. A space of 8m x 7m was allocated for the gym space- the client was a serious trainer and was clear what equipment he required in the space.

Perform Better's design team came up with some 3D designs to show the client how the equipment would fit into the space.

“ PB WAS RECOMMENDED TO ME BY SOMEONE WHO HAD USED THEM FOR A SCHOOL GYM. I USED THEM TO KIT OUT MY HOME GYM AND WOULD HIGHLY RECOMMEND THEM. THEY HAVE A HUGE RANGE OF HIGH QUALITY KIT AND ARE ABLE TO HELP WITH PLANNING, DESIGN AND THE SELECTION OF FLOORING AND EQUIPMENT. ”
