

GB Boxing was established in August 2008 to manage the World Class Performance Programme (WCPP) for boxing.

The purpose of the organisation is to train and develop the best boxers from England, Scotland and Wales and give them the best possible opportunity to win medals at major international tournaments and Olympic Games.

In 2021 the decision was taken to refurbish the Strength & Conditioning facility at the GB Boxing headquarters. A number of suppliers were requested to tender for the project- Perform Better were successful and awarded the contract.
