

A state-of-the-art fitness centre was designed to enhance the wellbeing of employees at Mercedes-AMG's High-Performance Powertrain facility by Perform Better, featuring a range of equipment for strength training and CV training alike for the Mercedes-AMG employees.

Based within their Technical Centre site in Brixworth, Northamptonshire the state of the art facility was developed to provide a gymnasium and fitness studio for use of the one thousand staff on site for Mercedes-AMG designed and installed by Perform Better UK.

The gym incorporates traditional exercise machines, free weights areas and other specialist equipment. The fitness studio incorporates exercise/spinning bikes and punch bags mounted on a purpose designed retractable framing system.
